# Festive Season

## Menus

Winter at Willow is magic. Festive lights welcome you. Our creative Turf professionals share their enthusiasm for Christmas as the bridges, trees and sky lite up.

The arrival, the food, the atmosphere, all are a perfect background to host and for your guests to be reminded that life is good, that we have many things for which to be grateful. For all occasions . . . for gatherings up to 50 people (during COVID) . . . we are here to make your celebration special. Willow Park prides ourselves in our attention to detail when it comes to COVID safety protocols. Respecting the safety of you and all guests, along with our staff is our first priority.

If you are more comfortable hosting your event at your home or another location, these menus are available for Take Home. Take the pressure out of your kitchen and leave it with us . . .

We are happy to do a tailored menu for you, please inquire and our talented Chef will be happy to assemble one for you.

Contact our Food & Beverage Manager, Herb Hardowa to create your festive experience.
